Sep 5, 2019 18/09/19-I had registered to be able to download my 737 NGX and be able to fly with my 737 NGX. Now I have tried several times but it gives me access denied, yet my registration key still works . 02/10/19- The IPRA (Gambier Bay, Washington) is back online for download . Sep 3, 2019 I have PMDG 737 NGX and downloaded it and it worked fine. On the O&O website I downloaded a 737 NGX, and it could not be installed. When I ran the installer it opened, but it never had a blue square in the bottom right. After 10 minutes it said: "Could not initialize the system graphics driver." . Sep 1, 2019 . Have problem where I cannot get 737NGX to connect with the old 737NGX activation key (registration) it says access denied try installing 737NGX but then it says....Key has been registered already. Try a different registration key . Sep 5, 2019 I have PMDG 737 NGX base package, order ID 771124. I registered. Activated it. Downloaded the 737NGX from the P3D 11.0.7-11.1.2 engine update. I installed and can fly with the 737NGX in P3D, but cannot in the PMDG 737 NGX serial, trainer, or preparation software. If I get the serial or trainer from the P3D activation key, it appears in the PMDG 737 NGX software, but gives me an access denied error.. Even when my old activation code is still active and is listed under the "activated" tab of f678ea9f9e
